LAMAIGNERE  
CARGO

Operating since 1908

Lamaignere's story goes back **more than 110 years**. From the beginning, it started as a family-run company focused on carrying out ship agency, stowage, and customs agency activities.

Today, Lamaignere continues with this tradition despite all the changes the sector has gone through.

**LAMAIGNERE**  
CARGO

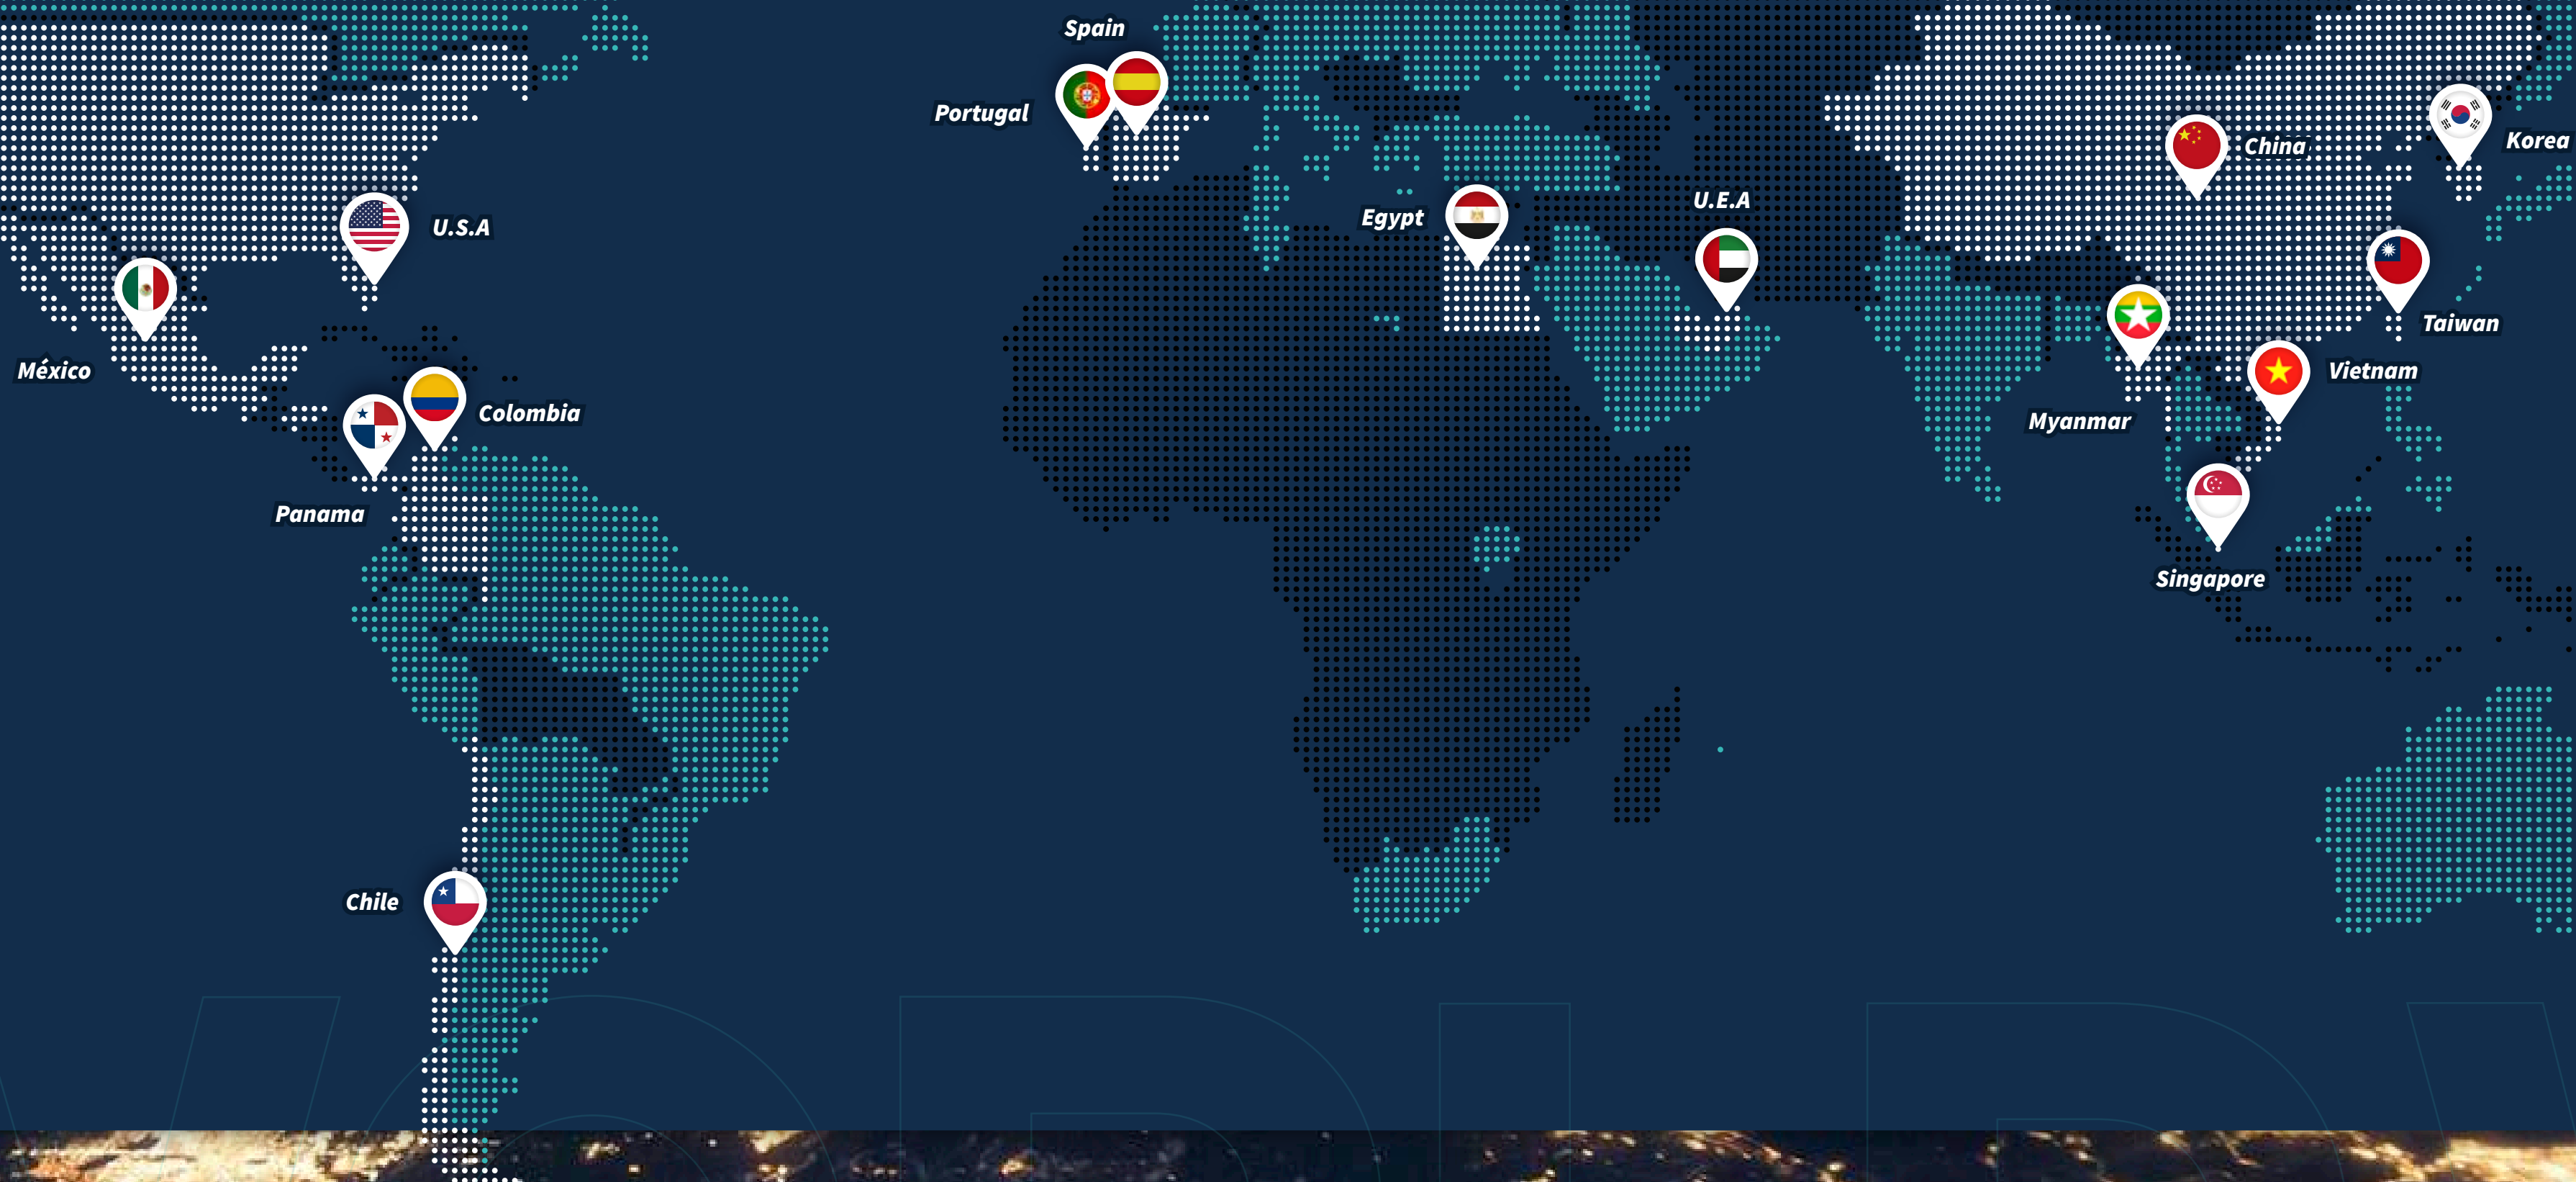

**Lamaignere** is a global freight forwarder and has gained the trust of its customers in such key countries as Spain, Chile, Mexico, USA, Korea, Singapore, Vietnam, China, Taiwan, Myanmar, to name a few.

The company offers integrated logistics solutions through its own experts and specialists who have extensive experience in providing services to the aerospace and solar energy industries, as well as to the various infrastructure supply sectors. Lamaignere services also develops custom-made solutions for customer-specific projects accommodating all transportation modes.

Our mission is to build strong relationships with all our stakeholders with a vision of becoming a consolidated and global company with a robust digital business strategy.

# “More than 110 years of providing freight forwarding and consolidation services.”

Our cargo consolidation in Miami is an easy way to save time and money when handling multiple orders for export. We can consolidate multiple orders from different suppliers or shippers into one shipment to the destination of your choice. No consolidation is too small or too large. Lamaignere's foremost advantage is our flexibility to tailor services to the individual cargo needs of our customers.

Full container loads (FCL) and less-than container loads (LCL) by nature require precise handling in accordance with the specific commodity characteristics and verticals.

A strategic point of Miami with connection to the rest of America

## “Miami is the new Cargo Gateway of the Americas”

Our office of **Lamaignere USA** is located in Miami (Florida), only 10 minutes from the Miami International Airport. A strategic location to provide a service based on excellence with the best team of professionals with knowledge in foreign trade.

Miami is a state with robust infrastructures for transport, and the logistics that makes it be considered, currently, as one of the global epicenters in cargo transportation by air, sea and land from anywhere in the world for your subsequent distribution to other areas of North America, Central America, South America and the entire Caribbean area.

Lamaignere USA has the ability to collect, distribute and ship all different cargoes in all states are present in USA. We can also manage collections and deliveries in Canada, Mexico and Puerto Rico. This is possible thanks to the international network of Lamaignere offices, as well as agreements with its network of partners that guarantees a quality, reliable and flexible service for clients.

## Logistic and warehouse management

Lamaignere offers storage and distribution services designed to maximize operational efficiency. We work with importers, exporters and suppliers around the world to provide cost-effective and secure storage and manage the logistics of air, land and sea transport.

Our new warehouse is equipped to handle almost any scale of storage needed:

**Perfect location near the International Airport and the Port of Miami.**

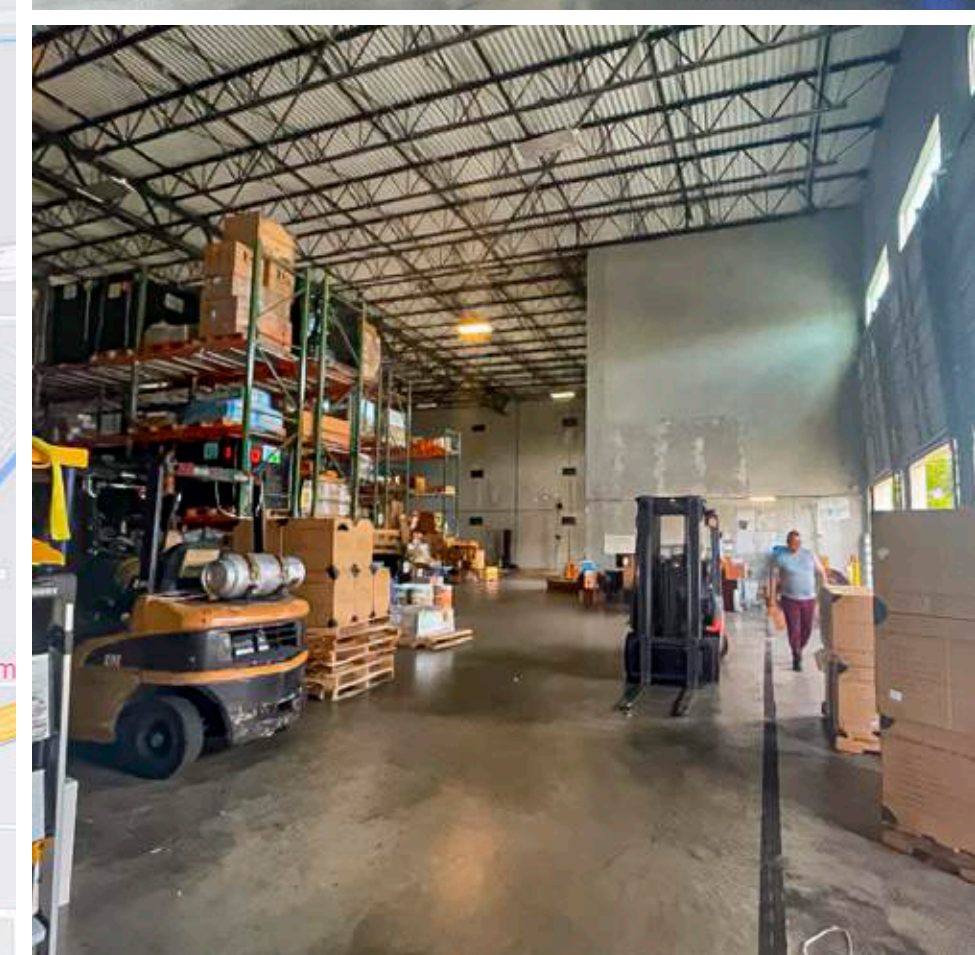

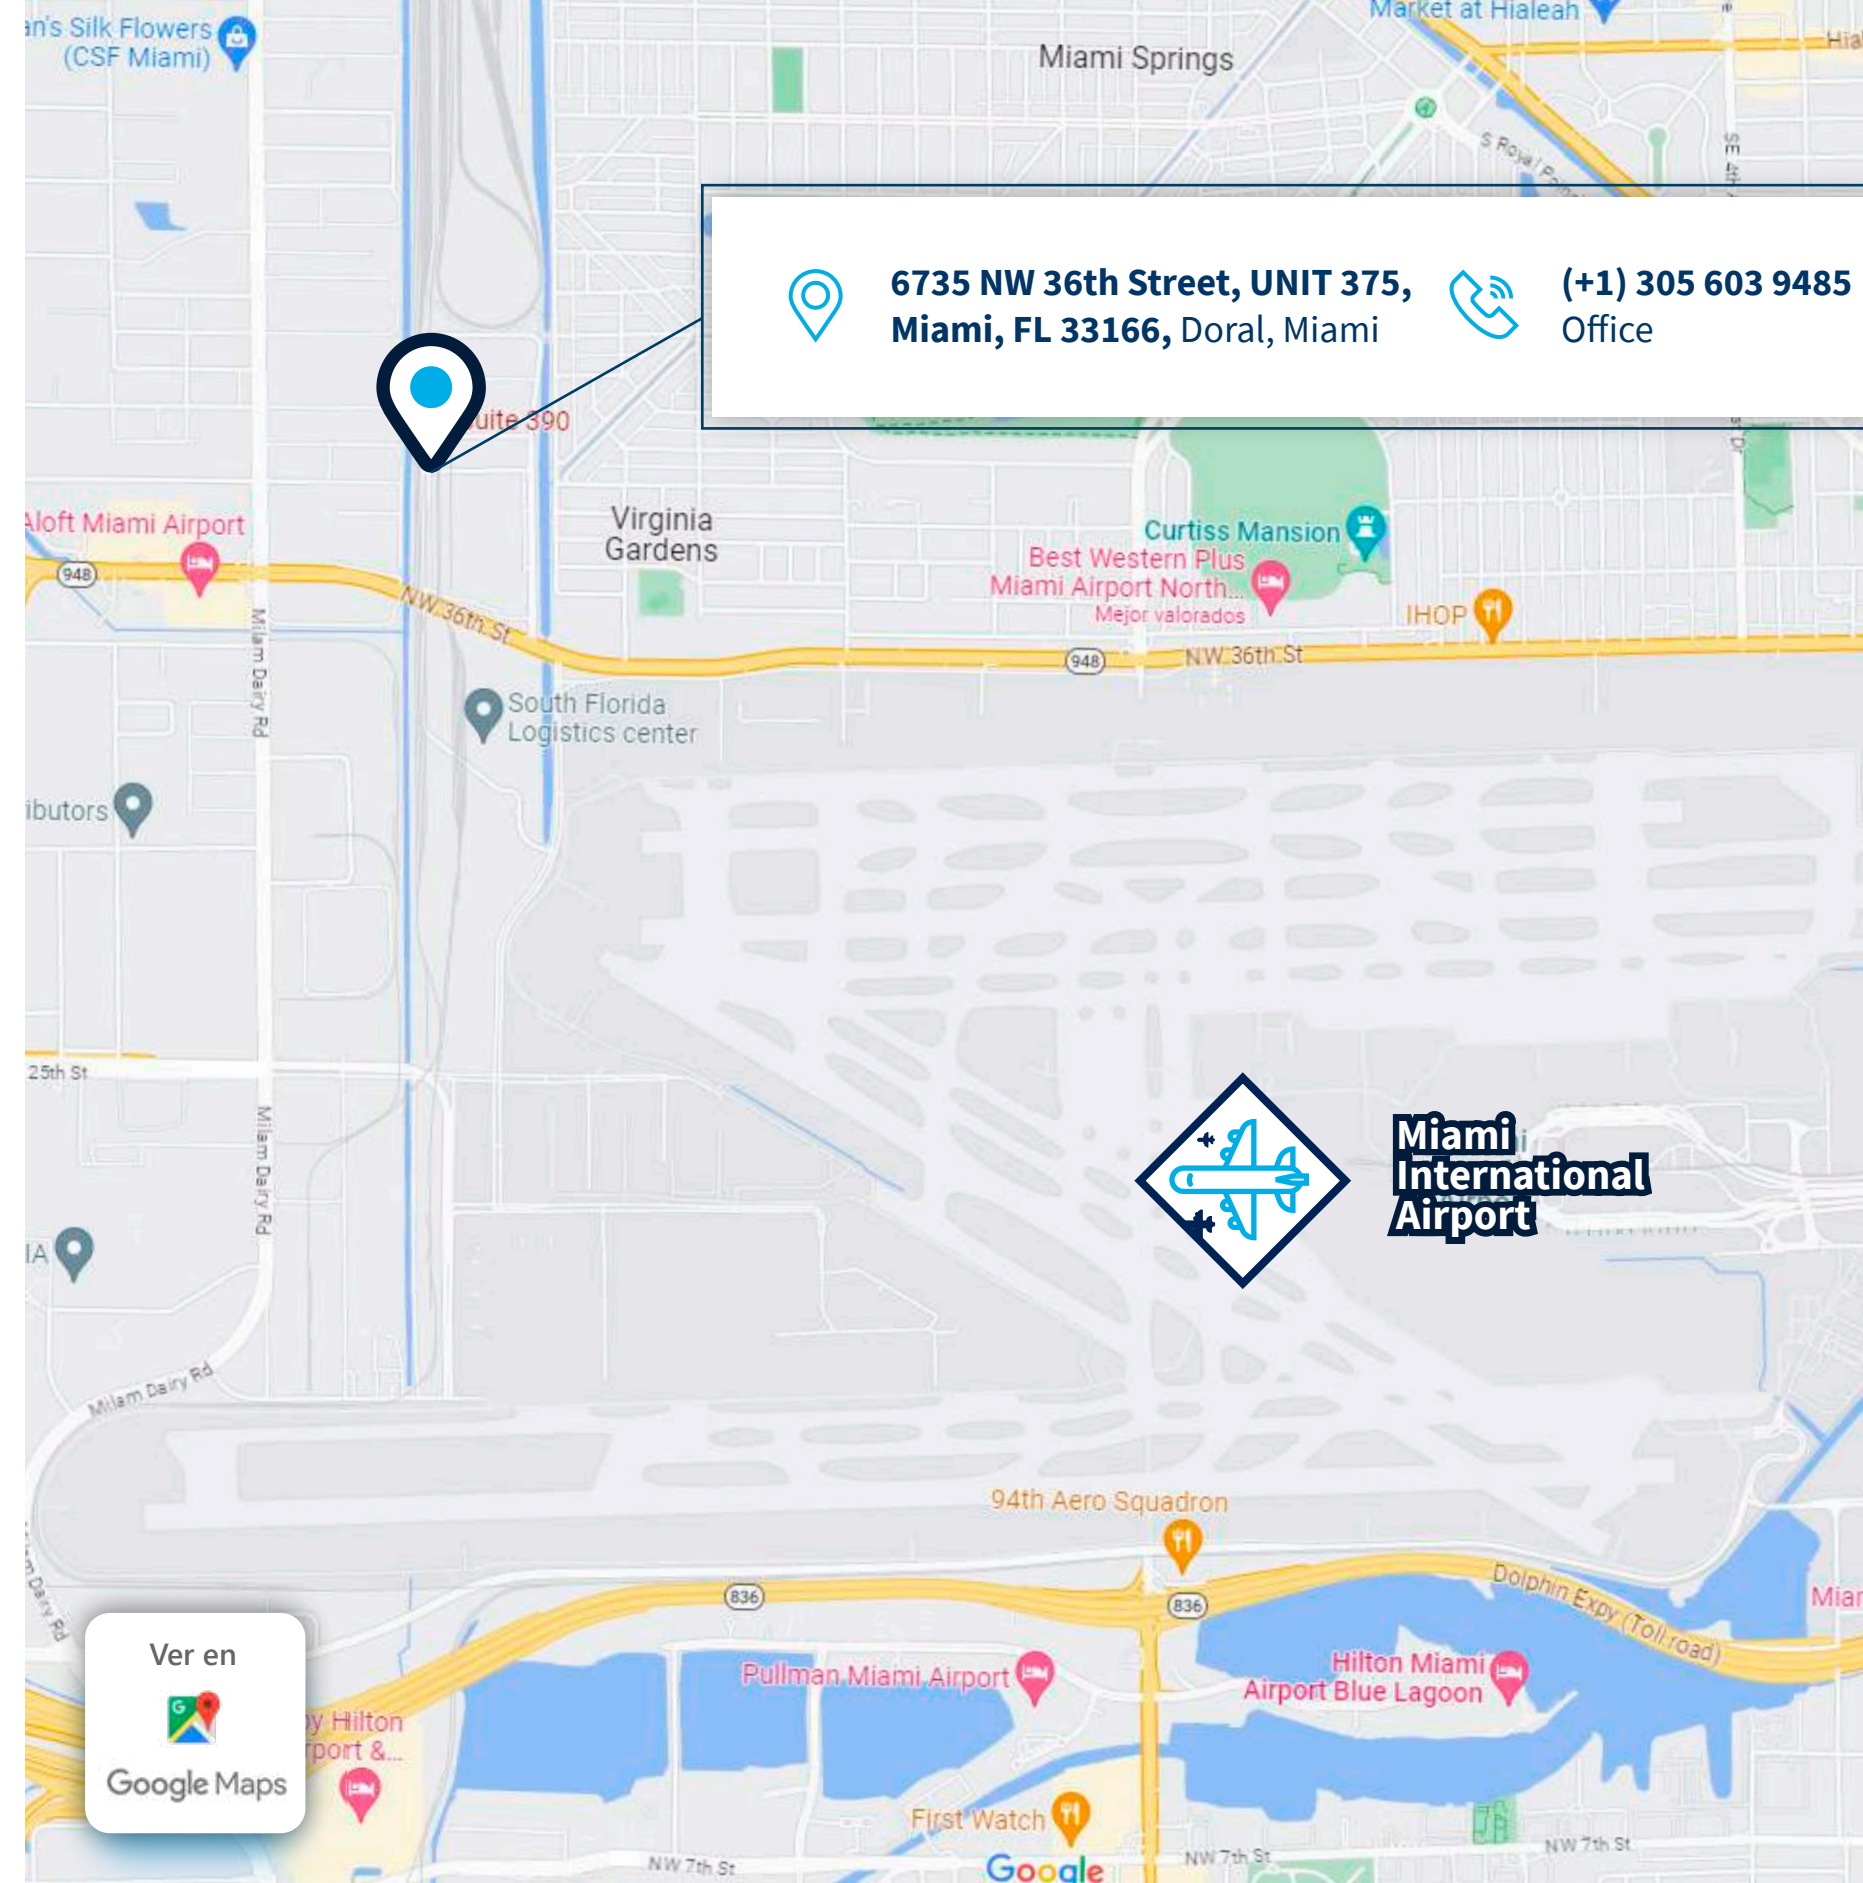

**Cross-docking service to consolidate your retail shipments.**

**Order handling and preparation**

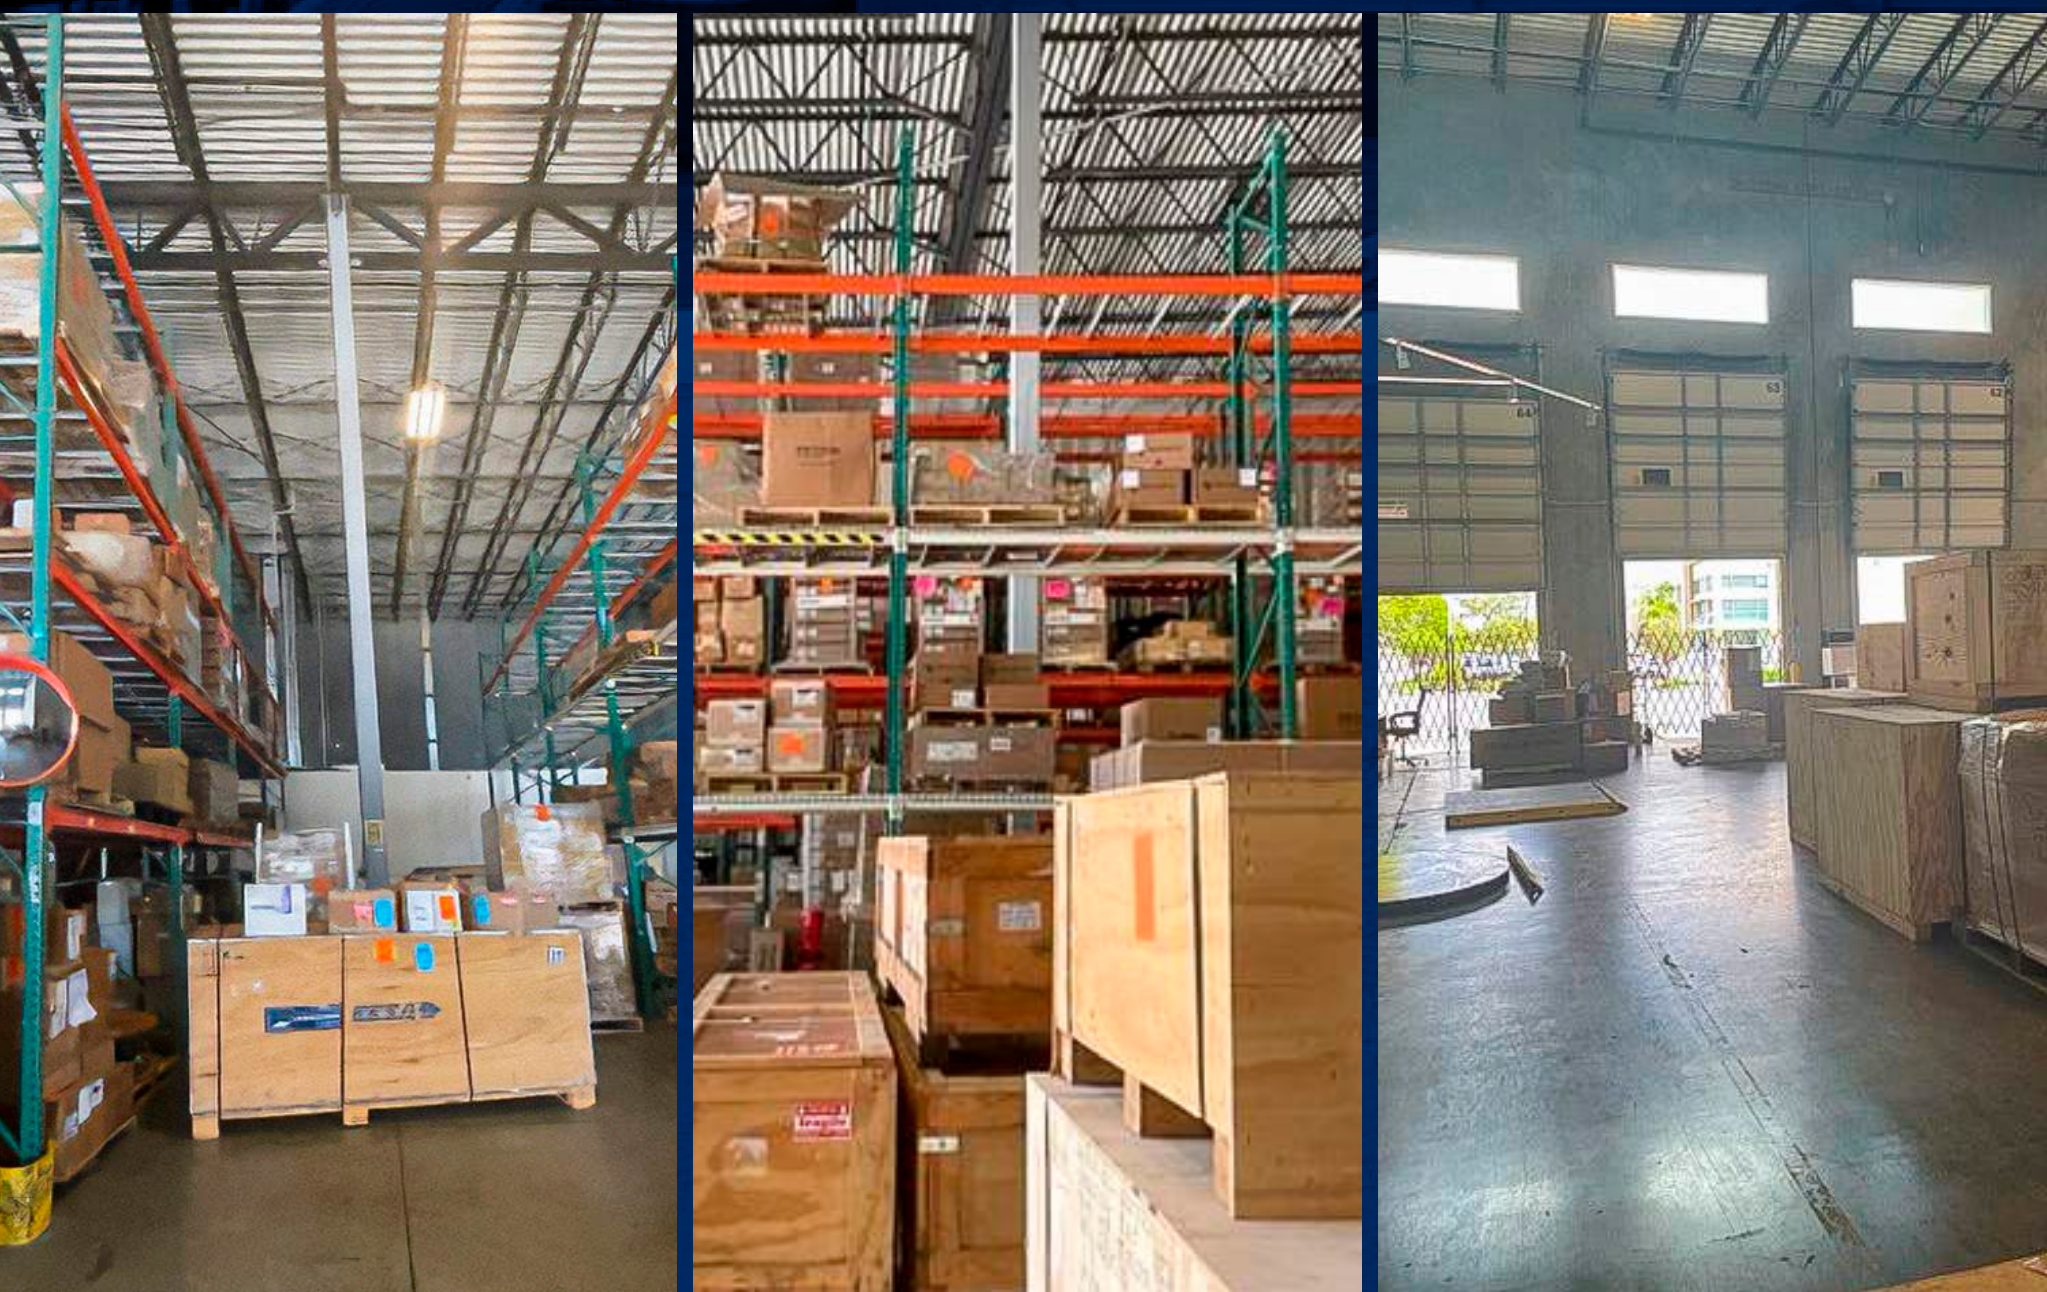

**Packing & Picking**

A secure warehouse is the solution to your business needs.

Security is an essential factor in all our logistics centers. We highlight 5 key aspects of our logistics warehouse in Miami.

State of the art  
sprinkler and fire  
alarm system

Burglar alarms  
with 24/7  
surveillance

Areas covered by  
video surveillance

Designed to  
withstand a category  
5 hurricane

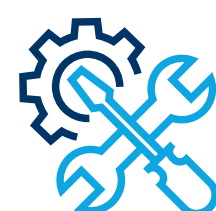

Certified to handle  
any hazardous  
materials

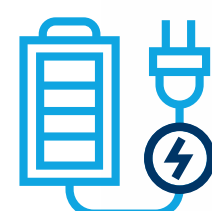

### Temperature, shock, light, humidity and motion

**TiveSolo** can generate insightful real-time reports beneficial for you, your clients, and your insurance company if needed. These are detailed reports with full traceability and transparency of the shipment from origin to destination, indicating any issues that may have occurred during the transit and when they occurred.

No configuration  
is required

Single-use or  
recharge and reuse

Fully rechargeable  
LITHIUM battery

### Control of temperature

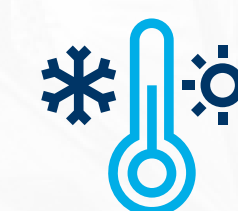

**TiveTag** is an intelligent reading tag which is easy to use and provides end-to-end cold chain monitoring for those shipments that are temperature sensitive. It allows data storage and visualization throughout the journey, thus ensuring product, integrity, quality and safety.

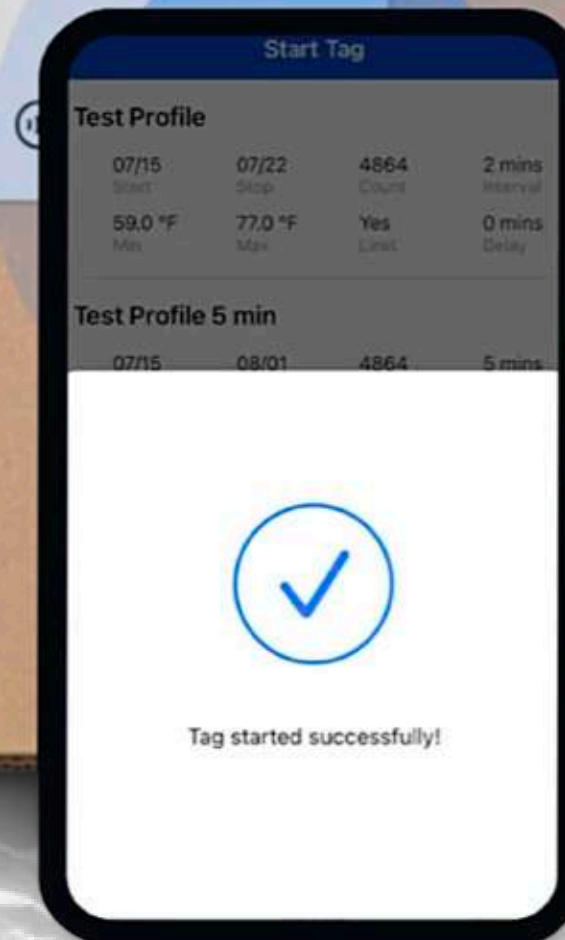

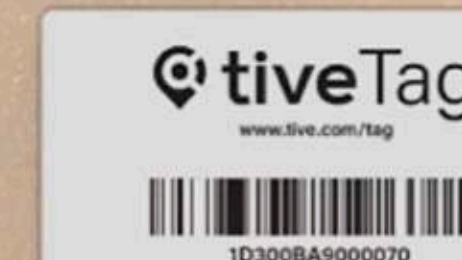

Sustainable  
and reusable

4,500 Record  
storage capacity

Temperatures ranging  
from -30° to 50°

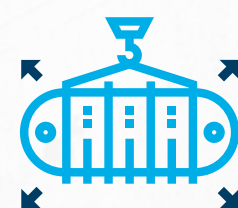

Specialists in handling oversized cargo

Our skilled staff is highly qualified to deal with oversized cargo items. They are on hand to help you ship any oversized product anywhere in the world. We can adapt and customize our solutions and adjust our loading and unloading capacity at ports because of our versatile and flexible services.
